

Experience the AI Trading Advantage

AI will revolutionize traditional trading, unlocking new opportunities. Our mission is clear: to deliver the AI trading advantage. We are committed to providing traders, both individual and institutional, with the tools they need to excel in today's dynamic markets.

The Power of AI

Our proprietary AI engines process transactional information from over 60,000 stocks, forex, futures and crypto, performing over 5 billion calculations per second. This enables us to classify the participants and observe their activity, providing unparalleled insights into market dynamics.

Comprehensive Offerings

Pilot Trading: A multi-asset trading app tailored for active traders and seasoned investors. Pilot extracts real-time market perception and traders' sentiment, offering timely signals across various markets.

Stealth: An invite-only platform that uncovers valuable market insights and provides a unique perspective on market dynamics. Gain access to detailed analysis behind our powerful signals.

Hydra: Our institutional product, a multi-strategy robotic trading engine based on QuantGate AI. Hydra offers a turnkey solution powerful enough to run your hedge fund.

Driving Rapid Business Growth

Product Development: We continuously enhance our offerings to meet the evolving needs of active traders. Our focus on leveraging the growth in the crypto space positions us at the forefront of this emerging market.

Institutional Solutions: We provide robust solutions tailored for institutional clients, ensuring they have the edge needed to thrive in the competitive trading landscape.
